About the Author

Sheikh Muhammad Aminu Yakub Bamba Al-Faradhi was born in Accra, the capital of the Republic of Ghana then Gold Coast in the middle of the year 1950. He started learning the Alphabet of Arabic and the Holy Quran in a Makaranta (School) at New Town in the Capital. His father Alhaji Yakubu Bamba sent him to his niece Hajia Habibah and her husband (who is his father's cousin) Alhaji Ahmad Musah in Ejura-Ashanti to continue learning the Holy Qur'an when he was ten years old, that was in 1960.

In 1963, he was sent to Tamale in the Northern Region of Ghana, to one Mallam called Alhaji Yakubu Ishaq to continue his learning of the Holy Quran.

In January 1966, he was brought back to Ejura at the request of his elder cousin Hajia Habibah, and then sent to L.A. No. 1 Primary school by her, to fulfill the advice of his departed father. He left the school after only two terms, because of a confusion between him and a teacher who wanted to cheat him. So he was absent from class room up to the end of the following term, when he was moved to T.I. Ahmadiyah Primary School in Ejura – Ashanti.

In 1969, he was pulled out from the school because of his intelligence, with the reason that he would become a Christian if he continued, because all the teachers at that time were Christians. And that was the end of classroom for the then young and intelligent man.

In 1972, he decided to go back to Tamale on his own to continue his Arabic and Islamic education, and teaching children Arabic Alphabets and recitation of the Holy Qur'an.

In 1976, he decided to go to Kano in the Northern Nigeria to continue his education, where he learnt various courses: Islamic law, Arabic

language, Arabic grammar, Etymology, Commentary of the Holy Quran, and the Holy Prophet Muhammad (SAW) Traditions. He specialized in Islamic law of inheritance. He came back to Ghana in 1983 and established a school in Ejura called: *Ihya-ud-dini Islamic School, popularly known as Mallam Aminu's Islamic School* in 1984.

The school was adopted by the Government in 1998, and is doing well in the West African Examinations.

His duties are: Teaching, Preaching and Writing Several Islamic and Knowledgeable books. He has over fifty (50) books to his credit currently, ranging from prose to poetry, or poetical composition.

One of his most important books is this book **the “Guidance to the Christian Calendar”**.

Praise is only for Allah, the Lord of the Worlds. May the Almighty Allah bless you all. Ameen.

FOREWARD

In the name of Allah, the compassionate, the Merciful. Praise is only for Allah, the lord of the worlds, the compassionate, the Merciful, the Sovereign of the day of judgment. I bear witness that there is no god but Allah He is alone, He has no partner, and I bear witness that Muhammad is Allah's Messenger peace and blessing of Allah be upon him, and his family, and the companions of the Holy Prophet, and the rest of Allah's Messengers, and those who follow their right path till the day of judgment.

Our Lord The Almighty Allah said in the Holy Qur'an:

“Verily, in the creation of the heavens and the earth, and in the alternation of night and day, there are indeed signs for men of understanding. Those who remember Allah (always, and in prayers) standing, sitting, and lying down on their sides, and think deeply about the creation of the heavens and the earth, (saying): Our Lord! You have not created (all) this without purpose, glory to You! Give us salvation from the torment of the fire”. **Al – Imran** (The family of Imran) 190-191.

He said again:

“Blessed is He Who has placed in the heaven big stars, and has placed therein a great lamp (sun), and a moon giving light. And He it is Who has put the night and the day in succession, for such who desires to remember or desires to show his gratitude”. “**Al-Furqan**” (The criterion) 61-62

He said again:

“It is He Who made the sun a shining thing and the moon as a light and measured out for it stages that you might know the number of years and reckoning. Allah did not create this but in truth. He explains the verses in detail for people who have knowledge.

Verily, in the alternation of the night and the day and in all that Allah has created in the heavens and the earth are lessons, signs, for those

people who keep their duty to Allah, and fear Him much”. **Yunus** (Jonah) 5-6.

He said again:

“And We have appointed the night and the day as two signs. Then, We have obliterated the sign of the night (with darkness) while We have made the sign of the day illuminating, that you may seek bounty from your Lord, and that you may know the number of the years and reckoning. And We have explained everything (in detail) with full explanation”. **Al-Israa** (The night journey) 12.

Dear reader, when I was writing my amazing book titled: “**The Milestone to the confirmation of the Birthday of the Holy Prophet (S.A.W.)**” I realized that I couldn’t get the correct confirmation until I knew the first day of the first month of the first year of Jesus Christ (01/01/01 A.D.)

So, I decided to “travel” two thousand and eight years back-wards to find out the day, as I was writing the book in the year 2008.

I commenced with Saturday knowing that the Jews were the first to come and their Book which is the Old Testament (Torah) was the first scripture, then the New Testament (Gospel), then the Holy Quran. So I started with their day as the first day of the first month of the first year. When I reached the year 2008 it appeared that the year started on Monday instead of Tuesday. I then realized that the Christian calendar started on the Christian day (Sunday), I then went back to 01/01/01 which fell on Sunday and started my work from there to date. Because of enjoying the work I proceeded further to year 3033 A.D.

After publishing the book “**The Milestone.....**” in the early part of this year, it flashed on my mind that it would be a pleasure for me to present this wonderful work to the world for the benefit of the entire mankind.

My Honourable and beloved reader, it is my pleasure to present to you this calendar, starting from 01/01/01 – 01/01/4021 A.D.

Remember that when I was writing this book we were in the middle of the year 2010 A.D. so I decided to multiply it by two, which is = 4021 A.D. Hoping that you and your children, and your children's children will benefit from this wonderful calendar throughout your life.

Dear reader, ten years after publishing this book; in the year 2020, I decided to make a research on the Gregorian calendar and Julian calendar, as we are hearing about them but did not know the difference between the three calendars.

Upon the research I realized that the Julian calendar was introduced by Julian Ceaser 46 years before the birth of Christ, and its rules is the common rules known to us; one leap year in every four years, = 25 leap years in every 100 years, while the Gregorian calendar which was introduced by Pope Gregory in 1582 has 24 leap years in each of the first three hundred years and 25 leap years in the fourth century.

Therefore I decided to go back to the first day of the Christian calendar from 1582, and it falls on Saturday 01/01/01 while the Gregorian calendar also started on Saturday 01/01/1583.

The book is now "**Guidance to the Christian, Julian and Gregorian Calendars**".

About the Gregorian Calendar:

Prior to 1582, every divisible by 4 was a leap year. Since a year contains only 365.242199 days (slightly less than 365.25 days), an error of ten days accumulated over the centuries. To compensate for this error, Pope Gregory XIII (after whom the Gregorian calendar is named) decreed that the ten between October 5, 1582 and October 14, 1582 would be eliminated from the calendar. Italy, Spain and Portugal adopted the Gregorian calendar in October, 1582 as decreed; however, other countries did not adopt this calendar until later. This made October 1582 the shortest month, with only 21 days.

The Julian calendar last day, Thursday, 4th October 1582, was followed by the first day of Gregorian calendar, Friday, 15th October 1582.

The Julian calendar last day of the year 1582, Monday 31st December, was Gregorian 10th day of January 1583, therefore, the year 1583 was started on Saturday, 1st January 1583 Gregorian Calendar.

After 1582, years divisible by 100 are not leap years unless they are divisible by 400. Thus, 1900 is not a leap, but 2000 is.

The Gregorian Calendar is a vast improvement over the Julian Calendar which was used previously but still not perfect. Note that the Gregorian Calendar made a correction of ten days in 1582. However, there were 12 leap years (100, 200, 300, 500, 600, 700, 900, 1000, 1100, 1300, 1400 and 1500) between 1 and 1582 that would not have been leap years had the Gregorian Calendar been in effect. This is a difference of 2 days (between the 12 leap years and the 10 day correction) over a period 1582 years.

Therefore, Sunday, 1st January 2023 Gregorian Calendar, is 3rd January 2023 "Aminian Calendar", and Friday 1st January 2100 Gregorian Calendar, is 3rd January 2100 "Aminian Calendar", while Wednesday, 31st December 2149 Gregorian Calendar is 2nd January 2150 "Aminian Calendar", the perfect calendar (difference of 2 days).

Can the whole world accept this improvement and correct the 2 days error by Pope Gregory or not? It is very difficult for the world to correct this error, as it has already adopted the Gregorian Calendar for nearly five (5) centuries ago and all my research was done on it. Whatever it may be, the "Aminian Calendar" is only 2 days ahead of the Gregorian Calendar. Nothing else !

May the Almighty Allah bless us all. Ameen.

And thank you for using your valuable time to read my Book!
Thank you!! Thank you!!!

4037	Wednesday	4040	Saturday – leap year
4038	Thursday	4041	Monday
4039	Friday	4042	Tuesday

My Beloved reader, we have come to the end of our long journey which began from Saturday 1st January 01 A.D. and ended on Saturday 1st January 4040 A.D. Hoping that this wonderful calendar will facilitate and make things very easy for my dear researcher.

IMPORTANT NOTES:

1. We have two types of year: Solar year and Lunar year.
2. The Moslems are using Lunar year, which is based on the sight of crescent moon, it has 354 days or 355 days. So, the Islamic calendar is based on Lunar year.
3. The Christian calendar, Julian Calendar, Gregorian calendar etc. are based on the Solar year, which has 365 $\frac{1}{4}$ days, or 366 days in a Leap year.
4. If the year starts on Sunday, it ends again on Sunday, if the year is not a leap year, like the year 2006, it started on Sunday and ended on Sunday. If the year starts on Monday it ends again on Monday, like the year 2007, because it is not a leap year.

If the year starts on Tuesday it ends again on Tuesday, if the year is not a leap year, but if the year is a leap year it ends on Wednesday like the year 2008, it started on Tuesday and ended on Wednesday.

If the year starts on Wednesday, it ends on Wednesday, if the year is not a leap year, it ends on Thursday if the year is a leap year etc.

5. From Saturday 01/01/01 to the end of this year 2010; the last minute of Saturday 01/01/2011 will be twenty four thousand one hundred and twenty (24,120) months, one day. = One hundred and four thousand, eight hundred and seventy seven (104,877) weeks, one day. = Seven hundred and thirty four thousand, one hundred and forty (734,140) days, = Seventeen million, six

hundred and nineteen thousand, three hundred and sixty (17,619,360) hours. = One billion, fifty seven million, one hundred and sixty one thousand, six hundred (1,057,161,600) minutes.

Or: Twenty four thousand, one hundred and twenty (24,120) months, one and half ($1\frac{1}{2}$) days = One hundred and four thousand, eight hundred and seventy seven (104,877) weeks, one and half ($1\frac{1}{2}$) days. = Seven hundred and thirty four thousand, one hundred and forty and half ($734,140\frac{1}{2}$) days. = Seventeen million, six hundred and nineteen thousand, three hundred and seventy two (17,619,372) hours: One billion, fifty seven million, one hundred and sixty two thousand, three hundred and twenty (1,057,162,320) minutes.

6. A. From Saturday 01/01/01 to the end of the year 4020 A.D. if the world exists up to that time; the last minute of Thursday 01/01/4021 A.D. will be Forty eight thousand, two hundred and forty (48,240) months, and one day. = Two hundred and nine thousand, seven hundred and fifty three (209,753) weeks, six days. = One million, four hundred and sixty eight thousand, two hundred and seventy seven (1,468,277) days. = Thirty five million, two hundred and thirty eight thousand, six hundred and forty eight (35,238,648) hours. = Two billion, one hundred and fourteen million, three hundred and eighteen thousand, eight hundred and eighty (2,114,318,880) minutes.
6. B. From Saturday 01/01/01 to the end of the year 4040 A.D. if the world exists up to that time; the last minute of Monday 01/01/4041 A.D. will be Forty eight thousand, four hundred and eighty (48,480) months, one day. Two hundred and ten thousand, seven hundred and ninety seven (210,797) weeks, 3 days. = One million, four hundred and seven five thousand, five hundred and eighty two (1,475,582) days. = Thirty five million, four hundred and thirteen thousand, nine hundred and sixty eight (35,413,968)

hours. = Two billion, one hundred and twenty four million, eight hundred and thirty thousand, and eighty (2,124,838,080) minutes.

7. A. One thousand years "Julian Calendar" has twelve thousand (12,000) months. = Fifty two thousand, one hundred and seventy eight (52,178) weeks, four days. = Three hundred and sixty five thousand, two hundred and fifty (365,250) days. = Eight million, seven hundred and sixty six thousand (8,766,000) hours. = Five hundred and twenty five million, nine hundred and sixty thousand (525,960,000) minutes.
7. B. One thousand years "Gregorian Calendar" has (12,000) months. = Fifty two thousand, one hundred and seventy seven (52,177) weeks, 3 days. = Three hundred and sixty five thousand, two hundred and forty two (365,242) days. = Eight million, seven hundred and sixty five thousand, eight hundred and eight (8,765,808) hours. = Five hundred and twenty five million, nine hundred and forty eight thousand, four hundred and eighty (525,948,480) minutes.
8. One hundred years has one thousand, two hundred (1,200) months. = Five thousand, two hundred, and seventeen (5,217) weeks, six days. = Thirty six thousand, five hundred and twenty five (36,525) days. = Eight hundred and seventy six thousand, six hundred (876,600) hours. = Fifty two million, five hundred and ninety six thousand (52,596,000) minutes. OR 1,200 months, = 5,217 weeks, 5 days. = 36,524 days. = 876,576 hours. = 52,594,560 minutes in Non hundred leap year.
9. One hundred years has twenty five (25) leap years, Or 24 leap years in Non hundred leap year.
10. One solar year has $(365 \frac{1}{4})$ days. = 52 weeks $1\frac{1}{4}$ days. = 8,766 hours. = 525,960 minutes. = 31,557,600 seconds.

11. One day has 24 hours, = 1,440 minutes. = 86,400 seconds.

Dear reader, Unlike the Lunar year which depends on the sight of crescent moon, which makes it very difficult to predict whether the year is 354 days or 355 days, the solar year is very simple to handle 365 days in non leap year, 366 days in the fourth year, which is a leap year, very simple indeed, isn't it?

At this point, I have the pleasure to present to you the (SAME CALENDAR) from 01/01/01 to date and beyond.

1. Non leap years same calendar:

Beloved reader; Every year in the column of Sunday begins on Sunday and ends on Sunday, if the year is not a leap year and all the years in Monday's column begin on Monday and end on Monday if the year is not a leap year, but if the year is a leap year - as you can see in the second "same calendar", - then it ends on Tuesday etc.

If you are after a year and haven't come across it in the "same calendar", then you have to go back to the Biggest calendar ever 01/01/01-01/01/4041 A.D. you will find it there Insha Allah.

NOTE: The solar year must be either a non leap year or a leap year, and every year starts on a day of the seven days of the week.

If you are after a date of a year, you have to look at the year whether it is a leap year or not. Then you look for the day on which the year started, then you find a calendar of a year which is the same as the year of the date you are after, it will show you the date and the day straightaway. In all, you have to get (14) calendars with you, seven non leap year calendars, and seven leap year calendars for your research. On account of making things easy for my dear researcher, I decided on my own to bring to you the fourteen calendars. Seven non leap year calendars, and seven leap year calendars each one of it starts on a day of the seven days of the week.

1. Seven calendars of non leap year:

(1) 1999

HOW TO FIND OUT A DATE OR A DAY OF A YEAR

These are the fourteen main calendars titled “**The World in your Hand**”. Seven non leap year calendars, and seven leap year calendars. These calendars will take you to the end of the world. What you have to do is that, when you are after a date, or after a day of a date, you have to find out the year of the date and the day on which the year started, or it will start, from the same calendar table, or in the biggest calendar ever 01/01/01 – 01/01/4041 A.D.

After you’ve got the day of the beginning of the year, and the type of the year, you have to come to the fourteen calendars and choose the year from the (14) calendars, it will show you the date and the day exactly.

For example: Ghana became independent on the sixth March 1957, and we want to know which day it was, what we have to do is to know the day on which the year 1957 started, from the Greatest Wonderful Calendar. What it shows us is that the year started on Tuesday, and the year was not a leap year. So, we have to come to the third calendar of the fourteen, which begins on Tuesday and is not a leap year calendar. What it shows us is that, the day 6th March 1957 was Wednesday.

Another Example: Ghana experienced her first Military coup on 24th February 1966. What we have to do is to find out the day on which the year was started, the day was Saturday, and the year was not a leap year. Then we have to come to the 5th calendar of the (14) calendars which

starts on Saturday and is not a leap year calendar. What it shows us is that, the day 24th February 1966 was Thursday. Please, Try it yourself you can do it! Yes, you can!! Yes, you can!!! Because the tools are in your hand: “The Guidance”.

Another Example: The first Friday of April 33 A.D. was an important day for the Christians, because it was the day that Allah’s Messenger Jesus Christ was about to be assassinated by his enemies, and Allah raised him up to himself, according to our belief and faith.

The Almighty Allah said in the Holy Quran:

“And (remember) when Allah said: “O Jesus, I will make you sleep and raise you to Myself, and purify you of those who disbelieve, I will make those who follow you superior to those who deny the faith till the Day of Resurrection. Then ultimately all of you will return to Me, and I will judge between you concerning that in which you differ.” **Al-Imran** (The family of Imran): 55.

He again said:

“And because of their saying (in boast). “We killed the Messiah Jesus son of Maryam (Mary), the Messenger of Allah”, but they killed him not, nor crucified him, but it appeared so to them (the resemblance of Jesus was put over another man and they killed that man), and those who differ therein are full of doubts. They have no (certain) knowledge, they follow nothing but conjecture. For surely, they killed him not”. But Allah raised him up (with his body and soul) unto Himself. And Allah is Ever All – Powerful, All-Wise”. **An-Nisaa** (The women): 157-158.

If we want to know the date of the first Friday of APRIL 33 A.D. we have to find out the day on which the year was started, the day was Thursday, and the year was not a leap year. So we have to come to the Seventh calendar which began on Thursday and is not a leap year. What it will give us is that the date was Friday 3rd APRIL 33 A.D.

Last Example: Prophet Muhammad (S.A.W.) was born on 11th May 571 A.D. if we want to know the day, we have to find the day of the beginning of the year 571 A.D. The day was Thursday, and the year was not a leap year. So, we have to come to the Seventh calendar, which starts on Thursday. What it shows us is that the day was Monday. Please! Try it, and you can do it yourself.

This wonderful work, full of knowledge from your Muslim brother is an indication that Islam is not against any religion that has a scripture from Allah, however, Islam respects every scripture and every Messenger from Allah.

The Almighty Allah Said:

“The Messenger (Muhammad S.A.W.) believes in what has been sent down to him from his Lord, and (so do) the believers. Each one believes in Allah, His Angels, His Books, and His Messengers. (They say): “We make no distinction between one another of His Messengers”, and they say: “We hear, and we obey. (We seek) Your Forgiveness, our Lord, and to You is the return (of all).” **Al-Baqarah** (The cow) 285.

The Almighty Allah said again:

“Say: We believe in Allah, and in what has been revealed to us, and what was revealed to Abraham, Ishmael, Isaac, Jacob, and his descendants, and in (the Scripture) given to Moses, Jesus, and the Prophets from their Lord. We do not make any distinction between them and we submit to Him”. **Al-Imran** (The family of Imran) 84.

The Almighty said again:

“It is He who has sent down the Book (the Qur’an) to you (Muhammad S.A.W.) with truth, confirming what came before it. And He sent down the Taurat (Torah) and the Injeel (Gospel), A foretime, as a guidance to mankind. And He sent down the criterion (of right and wrong). Truly, those who disbelieve in the revelations of Allah, for them there

is a severe torment, and Allah is All-Mighty. All-Able of retribution”.
Al-Imran (The Family of Imran) 3 – 4.

And Islam is not against any knowledge, instead it respects every knowledge, so far as it is not against the law of Islam.

The Holy Prophet Muhammad (S.A.W) said: (Seek knowledge, even if in China).

The fourteen main calendars will hold your hands from down to top. Remember that the world is in your hand, don't play with it. You can now research every date from the beginning of the Christian calendar to the end of the world.

This wonderful amazing work on the Christian calendar was brought to you by a Muslim brother, not an ordinary Muslim, but a Shaikh in Islam, hoping that this work will bring Muslims and Christians close to each other and to understand each other's Religion, and respect each other, to promote peace in the world. We need peace in the world for ourself, and for our children and children's children. Please give peace a chance, tolerate each other, respect one another, love each other, because the world is coming to an end, and we will be gathered before our Lord on the day of judgment.

Islam is a religion of peace, the word Islam is derived from Arabic root 'SLM' which literally means, among other things, purity, peace, submission and obedience.

As a religion Islam means submission to the will of God and obedience to His commands, it is through that submission that peace is brought about. We want to assure the whole world that Islam is a religion of peace and Love.

The Almighty Allah said in the Holy Qur'an:

“And the servants of the Merciful (Allah) are those who walk humbly on the earth, and when the ignorant address them, they say: “Peace!” **Al-furqan** (The Criterion) 63.

The Almighty said Again:

“On that account We decreed for the children of Israel that: whoever kills a human being other than manslaughter or corruption in the earth, it will be as if he had killed all mankind, and whoever saves the life of one, it will be as if he had saved the life of all mankind. And Indeed, Our Messengers came to them with clear Signs, but even after that many of them went on committing excesses in the land”. **Al-Ma'idah** (The Table) 32

The Almighty Allah said again:

“Today all things good and pure made lawful to you. The food (slaughtered cattle, eatable animals) of the people of the Scripture (Jews and Christians) is lawful to you and yours is lawful to them.

Likewise you are permitted to marry virtuous believing women or virtuous women from among the people who were given the scripture (Jews and Christians) before you, provided that you give them their dowries and live in chastely with them, neither committing fornication nor taking them as mistresses. Whoever denies the faith all of his deeds will become vain and he will be among the losers in the Hereafter”. **Al-Ma'idah** (The Table) 5.

If the Almighty Allah has made it permissible for us to marry the Christians and Jews, then they are not our enemies, nevertheless, they are our lovers. Who is going to marry his enemy?

If they are our lovers, then why are we going to kill them without any sin, or committing any crime? This is not the right path of Islam, or the teachings of Islam.

May Allah Guide us.

Ameen.

GIVE PEACE A CHANCE

These are some pieces of advice that will lead us to peace in this wonderful world:-

1. Peace starts with a smile, make it your gift to everyone, and start each day with a smile.
2. Remember that peace comes from good will, don't forget that if you can obtain it you can transmit it to others.
3. Build around yourself feelings and attitudes of kindness, co-existence and comfort, that way you and those around you will feel that Harmony.
4. Remain silent, cultivate your own internal power. Respect other people and everything in the world. That way you will be respected and have harmony.
5. You have to know that harmony depends on you, if you are able to be friendly and willful enough to use it humbly.
6. Everyone wants peace, but only if you practise that you can receive it.
7. A noble heart sees joy and spontaneous happiness all around, let it grow and flourish.

8. Find a moment of internal peace to consider all the things implied and take a decision afterwards, only that way will you be at peace with yourself.
9. Open your arms to others and do not close your fists to them, start by being an example and practise it.
10. Do you know that the secret of warmth and kindness resides in you? Well they do and you can give them to others. Find it!
11. In order to live in an environment of comprehension, try to remember that everyone has the same rights as you.
12. To create a feeling of internal peace it is important that you practise compassion, kindness and love. Do so and you will feel much better.
13. Remember that hatred, anger and pride are not characteristics of peace, reject them from your life.
14. You have to train the mind and the spirit in order to be able to live life to the fullest. Find peace within yourself.
15. Faith can help you to get ahead in life and find some internal peace better than any thing else.
16. When you feel that you can forgive the one that hurt you, then you will have started out on the road to internal spirituality and calm.
17. If you can help some one with words then try to just keep them company, the peace of silence is all they may need.
18. If you want to live in peace then you must dominate and control the feelings of the heart, one way to do this is to be honest.

19. Our problems with other people come mainly from inadequate communication. You have to know how to listen to be able to understand.
20. Use your kindness, and show it often in order to maintain your friendships and your own peace of mind.
21. Everything is connected and depends on each other. Live in harmony with your surroundings, and in doing so keep the peace.
22. The most important thing in society is unity, in order to grow, and achieve world peace.
23. Always think about the welfare of others, in any situation, even at the cost of your own, that way you will be well.
24. Hatred and envy never bring any good. Try to beat these attitudes.
25. Sometimes the hardest thing to do is to swallow your pride and move away from trouble, but it is often, all it takes to keep the peace.
26. Much damage in this world comes from words, be careful with them in order not to damage any one.
27. Live in harmony, stay quiet and listen to the words of your heart. Treat those around you with kindness and they will do the same.
28. Learn to be more tolerant, and do not forget that all people have the same right and the same duties as you.
29. Remember that your ideas and actions change the world, every day and every hour. Do it in peace.

30. Keep your soul calm. The world is beautiful, enjoy your achievements as much as your plans.
31. Free yourself of spite, because it is bad for your health. Forgive and be forgiven.
32. Remember that envy and anger shorten the days of joy in your life, try to clean your heart.
33. Look for new ways in order to create good relationships between people, to increase the possibilities of living in peace.
34. Make peace with the people that you have, for whatever reason, fallen out with, you will feel better.
35. Be a pacific and reflexive person, that way you will cause those around you to imitate your actions.
36. Never hurt other peoples feelings. Try to say what you feel in a good way. You will be answered the same way.
37. Don't speak bad about or condemn someone, or a group. Remember to use sincerity as an instrument to build harmony.
38. Do not forget that a white dove with a branch of olives is a symbol of peace. Try to imitate it. Share out love in the world and you will feel better.
39. You must search for it constantly until you can achieve it. Once you have got it then comes the hard part: maintaining it.
40. If it were money then the world would be a better place. What is true is that it has more value than vile metal.

41. A victory through arms will never be better than concord, even if it has been a triumph.
42. We have to learn how to solve fights and conflicts in a pacific and just way. You are a piece to begin to do this.
43. It is a gift that life gives us. It is a question of each one of us knowing how to manage it and take advantage of it.
44. Trust in oneself and in others is fundamental at all times in order to be able to carry it and maintain it always.
45. Avoiding violence, armed conflicts and wars, are great steps in order to win peace.
46. With a high level of justice, violence will always be at a minimum and will help to achieve calm much quicker.
47. Forgiveness is the key to achieving it. There is no concord in this world without clemency.
48. Always try to search for the truth, good communication between people and the media can maintain the calm.
49. Solidarity among people, between the rich countries and the poor, is a step towards tranquility.
50. That there are no wars does not mean that there is peace. There are always violence and contests. We must get to work to make them disappear.
51. Social life must be accompanied by love and equality, so that further on we can get nearer to tranquility.

52. We can never achieve it, if we have intolerance, discrimination, lack of solidarity, indifference, conformism. Avoid them and be happy.
53. Start with your good behaviour, then try to educate yourself. You will be a granite that can provide calm, in order to improve Society. Try not to deviate.
54. The education for it begins at home with the parents, then the classroom at school and then later in everyday life. It is your mission to spread it.
55. Many say that fighting for it is like drinking for soberness. However, we have to continue trying until we achieve it.
56. We can achieve it if we co-operate, have critical thoughts, good attitudes, discipline, respect for ourselves and others.
57. If you teach and respect values, you will soon be doing the right thing for it and it will not be difficult to achieve.
58. Apart from respect it is necessary to form a universal identity that leads to education through the path of harmony.
59. The coming together of teachers and children is fundamental. They have to be filled with affection for them to earn trust and tranquility.
60. To obtain it you first have to be at calm with yourself. Once prepared you can become the messenger for it.
61. Analyse why we have economical, social and cultural imbalances. Try to resolve them in a way that will maintain calm.

62. It is impossible to achieve if there are acts of violence. It only exists if there is understanding of what it implies.
63. Many risks have been run in making war. Isn't it time to make compensations to achieve concord?
64. Your attitudes and actions are fundamental to obtaining it. Go ahead and make the attempt, you can do it!
65. Forgiving our neighbours we can achieve it. Do it! To keep it with you and live in harmony will make you very happy.
66. To achieve it many countries go to war. Isn't it shameful? They are so wrong! Violence destroys humanity.
67. Open the eyes of those who are blinded by violence. Guide them so that they can realize how beautiful life in harmony is.
68. Always behave, always walk with truth and sincerity. They will help you to achieve serenity and your spirit will get stronger.
69. Inspire trust and always communicate well with other people. They are things that will bring you closer to it.
70. Respect other people as they are, but if they have violent tendencies, try to help them to recognize harmony.
71. You must not just talk and think about it, it must also manifest itself in gestures to be achieved. Action is fundamental.
72. Parents must educate their children from very young to promote calm, to apply it in play, work, sports, school, the family etc.

73. It is a beautiful dream, put it into practice to make it real. If you incorporate it in yourself, you will make this wonderful world better.
74. It is not given the opportunity to manifest itself. Give it a chance and things will visibly improve. It will give you a different feeling which is pleasant.
75. The greatest honour a man can receive is to be given the title: “peace maker”. The world has many in its history.
76. You will win it when humanity opens its heart to love. While human nature does not change, wars and hatred will continue.
77. With love, a lot of patience and kindness, the way to it is made easier. Do not forget it. Transmit all this to your loved ones.
78. Respect others rights, it is the very thing of peace. Keep it in mind and do not forget in order to live with tranquility.
79. Liberty is needed for it to have true value. Without this condition it is nothing. Remember that!
80. It is the good to which all people aspire. You too must give towards it. Work to achieve it and change your vision of the world.
81. Youth are the promise of change. Parents, adults are those who should guide the young ones in order to build it.
82. Talking about it is not enough, you must believe it and you must work to obtain it.
83. Do not forget that without love, nobility and truth, you will never achieve it. Propose to be able to reach the conquest of it.

84. Look for people of good vibes to be with, share smiles and nice and pleasant places to go to. It will help you to rediscover yourself with calm.
85. Do not forget that it is the task of all. Try to spread it all you can, starting with having your own initiative.
86. Many people transform rage into peace. Start to imitate them in order to be able to be one of them.
87. To forgive is to give back to the one that offended us the right to be happy again and give us back our serenity.
88. Do the best you can with what you have, wherever you are, in order to feel fulfillment.
89. With a little love you can save a human being, and by doing so feel a great tranquility.
90. Forgive past and present offences, free yourself of hatred claws, let your heart be free to love and start a new life each day.
91. Peace, is a thing that can not be bought with any other, nor can a thing more useful be had. Try to find it and make life more pleasant.
92. You have to have it as a goal in life to achieve it. Force yourself and work from now onwards to win it quickly, and you will be rewarded.
93. It is useless to find it outside if we do not have it within ourselves. Look for it first within yourself.
94. You, as a person, must know how to forgive your neighbours. Actually it is impossible for peace to exist without forgiveness.

95. Governors must know how to educate their people with love and peacefulness, helping them to differentiate between what is good and bad.
96. Generations of young people must be shown how to achieve it. It will be they in the future who will have to spread it through words and actions.
97. It must be the fruit of human dignity. If this is not the case, it will be almost impossible to achieve.
98. Avoid conflict, one way to do this is to accept things as they are not judge those around you. Do not question nature's works.
99. No more terrorism nor war nor violence. Yes to justice, life, forgiveness, love and peace.
100. Fix your life so that you are able to take few days off and really rest, without any program. You will see how good you will feel.
101. No good act is lost in this world, it will remain some where forever. Do things for good.

CONCLUSION

Thank you for reading and listening to these pieces of advice, hoping that it will let you feel better and at peace with yourself and promote the peace to yourself, your neighbours, your town, your country, your continent, and the entire world.

Please, let us give peace a chance in this beautiful world. These are one hundred and one (101) pieces of advice of peace, hoping that it will bring peace to the world, especially between Muslims and the people of the Scripture (Jews and Christians).

The Almighty Allah said in the Holy Qur'an:

“And if they incline to peace, make peace with them and put your trust in Allah, most surely He is All-Hearing, All-Knowing. And if they intend to deceive you, Allah is sufficient for you, He it is Who strengthened you with His help and with the believers”.

Al-Anfal (The Spoils of war). 61-62.

Please stop terrorism! Stop war! Stop destroying this wonderful world!
Stop! Stop!! Please stop!!!

The Almighty Allah Said:

“And let not hatred of people because they hindered you from the sacred Mosque, incite you so much as to transgress the prescribed limits. Nay! Co-operate with all in what is good and pious, but do not co-operate in what is sinful and wicked. Fear Allah, for Allah is severe in punishment”. **Al-Maidah** (The Table):2.

He again said:

“O believers! Be steadfast witnesses for Allah in equity. Do not allow your wrath for other men to turn you away from justice. Deal justly,

that is nearest to true piety. Fear Allah, for He is fully aware of what you do”. **Al-Maidah** (The Table): 8

My most honourable and beloved reader, here in this world Allah is giving us so much for so little. Therefore, let each one of us grab this opportunity and do good.

Remember, it is only the unfortunate and unlucky ones who will not grab this opportunity. Let us learn to value and appreciate, and let us learn to worship Allah to the best of our ability, let us learn to love Him, and our neighbours, and the nature around us.

Beloved Reader, remember that death is inevitable, it will surely come. Therefore, let us prepare for it by sincerely practising upon the teachings of Allah and His Messenger (S.A.W.) Let us become practising Muslims henceforth, for we certainly do not know about tomorrow. No man knows where and when he will die. It is only a fool who leaves today’s work for tomorrow.

A true Muslim is very wise, far-sighted and judicious. He knows that tomorrow never comes, and that today is the tomorrow of yesterday.

Beloved reader, let us prepare for the grave and the hereafter, let us do pious deeds whilst we are healthy and alive, let us be mindful of our prayers. Every man will only take his pious and evil deeds with him to the grave and the hereafter. Remember that every pious and sincere action is fruitful and very precious in the eyes of Allah. Without doubt, an effort is required for the betterment of one’s hereafter. Mere ideas and notions are futile and fruitless, and will get one no where in the day of judgement, the net result of which will be regret and disaster.

It must be clearly understood that Jannah (Paradise) is certainly not cheap, or for that matter free of charge, it too has a price tag, as have all things. Its price is: Faith in Allah and His Messenger and all the Messengers of Allah, peace and Blessing be upon them; commission of pious deeds and omission of evil ones. Without Faith in Allah there

can be no paradise and salvation. With Faith in Allah you can't kill yourself or kill someone. Be a true Muslim! Do good!! Stop killing yourself and others!!! Paradise will be yours if you stop killing.

The Almighty Allah said:

“And do not kill yourselves, surely Allah is ever Merciful to you. And whoever commits that through aggression and injustice, we will cast him into the fire, and that is easy for Allah. If you avoid the great sins which you are forbidden, we will remit your misdeeds and admit you to a place of honour (the Paradise)”.

An-Nisaa (The women) 29-31.

My beloved reader, I hope you will enjoy reading this book over, and over, and over again, and if you like it, would you please pray for me? My humble request to the honourable reader is that he remembers me in his accepted Prayers. Allah the Almighty will surely reward him for his Kind favour.

My most honourable and beloved reader, I Love you, and I want to see you with me in Heaven, so, practise as a true Muslim in your life, I wish to meet you in Paradise. But the only way to do that is: ISLAM! Yes Islam!! the only religion that believes in all the Messengers of Allah, and all the scriptures from Allah.

Yes Islam!!! The religion of “*As-salaamu Alaikum*”: (Peace be upon you!)

Thank you very much for using your valuable time to read this valuable book! Thank you very much!! THANK YOU!!!

“Surely we have brought to you a sign from your Lord, and peace for him who follows the right guidance”. (**Ta Ha**) 47.

“Glory be to your Lord, the Lord of Honour, above what they attribute to him. And peace be on his Messengers. And the Praise is only for Allah, the Lord of the worlds.”

Assalamu Alaikum (Peace be upon you),

Muhammad Aminu Yakubu Bamba Al-Faradhi
